

Steel City Parkour community-

We are as *thrilled* as could be to be able to reopen our doors and get back to training! As we welcome you back, we want to send out a reminder that our first priority is the safety and health of our members and visitors.

We continue to follow closely the guidelines and recommendations of the CDC and our health officials in terms of best practices for operation. That being said we have made some changes to our schedule.

As many may already know, we are operating on a pre-schedule only basis, scheduling information can be found at www.steelcityparkourgym.com and any further questions can be directed to steelcityparties@gmail.com

It is with an abundance of caution that we are welcoming everyone back and our intention is to remain open as we ease our way back to a normal schedule. However, the **only** way that we can be sure to be successful is with the help of each one of our visitors. Here is what we need you to know:

In the unfortunate event that anyone who comes to SCP is tested positive for COVID-19 we will need to temporarily Stop all operations and close our doors for two weeks ☹️.

This is the last thing we want to do, and to make sure this does not happen we have a few minor requests.

Parents will temporarily be asked not to remain in the seating/viewing area in the front of the gym – As weather permits, we will have our garage doors open and parents will be welcome to bring seats and remain outside.

We will not be providing communal drinking water at this time. However, our vending machines will still be available and restocked frequently. Just remember to wash your hands after handling cash/change and after using the machines.

We are also asking that students wash their hands before and after scheduled activities as well as after trips to the restroom.

Lastly, we kindly ask that parents and students go over the following Wellness Expectation Contract and sign. We will only require a signed copy Once, but we ask that you are able to make all checks on the list prior to each visit. This is an honors system.

If you or anyone in your household has experienced any of these symptoms for any extended period of time, we kindly ask that you please stay home and take Two Weeks rest and come back to us when you are 100%

- Cold/Flu Symptoms (Cough, Fever, Body Aches/Pains, Extreme Headaches, Sore Throat, Chills)
- Shortness of breath / Tightening in your chest
- Loss of sense of Smell and/or Taste

We are here to address any questions or concerns you may have, please feel free to reach out.

Steel City Staff
